What are SVQs?

Scottish Vocational Qualifications (SVQs) tell you exactly what you have to do in a job to do it well. They are based on national standards which are drawn up by people from industry, commerce and education. This means that if you have an SVQ, then you have a way of proving that you can do your job well, to national standards agreed by whatever industry or commercial sector you are in. SVQs send powerful messages to employers:

- you can do your job confidently and well
- you are motivated, confident and ambitious
- you are ready to take on responsibility
- you are committed to your work

What is a Modern Apprenticeship?

Modern Apprenticeships offer those aged over sixteen paid employment combined with the opportunity to train for jobs at craft, technician and management level. They are an exciting way of gaining skills and qualifications that will help to start a career without having to study full-time, and are available across a wide range of industries.

All Modern Apprenticeships are developed by the industry or sector in which they will be used and give you all the skills you need to become a craftsman, technician or manager in that area.

Who are they for?

Modern Apprenticeships are aimed at those over 16 and capable of achieving a Scottish Vocational Qualification at **Level 2** or above.

We receive funding from the Scottish Government via Skills Development Scotland in order to provide our Modern Apprenticeship programme.
